# USAF

- FY03
  - 776 part numbers manufactured at depot that met UID \$5,000 threshold
    - 2023 individual parts manufactured
- USAF Approach
  - Put in mobile capability to mark parts
    - Estimate Cost \$3.2
  - Establish Printer Bureau Service Contract

# USAF

- Printer Bureau Service Contract
  - Standardize on sizes and types of data plates
  - Standardize on format and content
  - Provide a catalog of data plate options
  - Provide 24Hr turn on data plates
  - Capture requirement during requirements/design and make data plate part of the BOM
  - Maintain serialization registry
